Office Action Summary

Art Unit: 1745

1. Claims 22-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The use of the expression "other semiconductors" found in claim 22 is indefinite because the same encompasses an innumerable amount of different substances. Claims 23-30, dependent on claim 22, fall therewith.

In claim 23, applicant is claiming a compound, however metallic tin is improperly set forth as one of the compounds.

2. Claim 22 is objected to because "electrodes" found in line 11 should be singular.
